

STATISTICS OF POPULATION.

TABLE 14.—INDIAN POPULATION, BY STATES AND TERRITORIES: 1880 TO 1900.

[Prior to the census of 1880 no account was taken in the Federal enumeration of Indians not taxed, that is, of Indians living in tribal relations, but only of Indians found living among the general population and, therefore, liable to taxation. For the number of civilized (or taxable) Indians returned at the censuses of 1860 and 1870, see Report on Population for 1890, Part I, page 401.
No census of Hawaii was taken by the Hawaiian Government in 1880. No report for Indian Territory was made at the census of 1880. Oklahoma was organized as a territory May 2, 1890.]
