occupations. The figures are presented for male and female workers. Similar figures, though with a somewhat condensed list of industry groups, are presented by judicial divisions and for the towns of Juneau and Ketchikan in Table 27. Table 26 shows the complete list of industry groups as tabulated, without regard to their importance in Alaska. Small

numbers of workers may be shown in this table for industries not carried on in Alaska, these representing persons who usually work in the specified industries elsewhere. In Table 27 the smaller groups have been consolidated and only the more important ones are shown. The specific make-up of any of these consolidated groups can be found by referring to Table 26.
