

Table 4. Total and American Indian Persons by States, Reservations, Tribal Trust Lands, and Counties: 1980

(Corrections to the 1980 census counts of the total and American Indian populations which were made after the final census tabulations were completed are reflected in the data for reservations; "All races" counts for the United States and States do not include these corrections. For meaning of symbols, see Introduction. For definition of terms and corrections, see Definitions and Explanations and Limitations of the Data, respectively)
