<sup>1</sup>The numbers by American Indian and Alaska Native tribal grouping do not add to the total population. This is because the American Indian and Alaska Native tribal groupings are tallies of the number of American Indian and Alaska Native **responses** rather than the number of American Indian and Alaska Native **respondents**. Respondents reporting several American Indian and Alaska Native tribes are counted several times. For example, a respondent reporting "Apache and Blackfeet" would be included in the Apache as well as Blackfeet numbers.

<sup>2</sup>Includes respondents who checked the "American Indian or Alaska Native" response category on the census questionnaire or wrote in a tribe not specified in the American Indian and Alaska Native Tribal Detailed Classification List for Census 2000.

<sup>3</sup>Includes respondents who checked the "American Indian or Alaska Native" response category on the census questionnaire or wrote in the generic term "American Indian" or "Alaska Native," or tribal entries not elsewhere classified.
